CLARKSVILLE NOTES.

A grocery store at the corner of Ninth and College streets some few days ago opened its doors to the special trade of the employees of the Red River Furnace Company. By some it is known as a "commissary." Most of the furnace men since the money stringency have been gently requested to do all their trading at the above named place. With little or no money in sight and plenty of hard work, squads of laborers are leaving daily. It remains to be seen whether the "commissary" venture will not cripple the running of the furnace.

The indomitable Ben Tillman, hailing from somewhere in South Carolina, was not himself before an audience of some four hundred persons last Friday night at Elder's Opera house. The committee having the arrangements in hand charged him with a gentle reminder, that a dramatic lecture on the race problem would not exactly suit the esthetic taste of a Clark-

COMMUNION SETS.

VESSELS WITH WHICH TO ADMINISTER
THE LORD'S SUPPER.

THE most sacred ordinance that can be observed by all churches is that known as the Lord's Supper or, in other words, Sacrament. We do not think it is in keeping with these sacred ordinances of the Lord's Supper in church now-a-days to try to administer it with out the proper vessels.

Every Church Ought to Have a First-Class Communion Set.

They can have them made out of the best grade of quadruple-plated table silverware if they desire them. The Church Supply Department of the National Baptist Publishing Board has just received from their factory a new lot of this high-class ware, and would take pains in showing them to any one.

The Prices are Within Reach of All and Terms are Reasonable.

No church ought to be willing to use glass dishes or the like for these ordinances when they can have the best grade of silver at moderate prices.

ELEGANT CHRISTMAS PROGRAM.

The third number of the National Baptist Concert Quarterly for 1907, better known as the Christmas program, has just come from the press. It is a beautiful piece of workmanship and shows that the greatest of care has been exercised not only in the mechanical part of the program, but in its general make-up. The cover is in three colors—red, green and white—with the words "National Baptist Concert Quarterly" in brilliant green on the front, then the familiar greeting "Merry Christmas," and just under this a magnificent bunch of that familiar and cheerful green that always reminds one of the approaching festive times (holly), resplendently tied with a bow of red ribbon. It shows up in a charmingly attractive way, and is printed upon heavy enamelled paper. On the inside one finds new features for Christmas exercises, the "Newsboy's Christmas," a cantata, which will give an evening of amusement to many a large audience during the approaching holidays. It is carefully prepared and the simplicity of the little romance affords the instructor an easy task to make an impression, not only on their audience, but upon the pupils at their daily rehearsals.

The order of exercises in the program comes as follows: The introduction is an instrumental piece, which is left to the selection of the musician. The next, a duet and chorus "Glory to God," is taken from that beautiful book, Celestial Showers, No. 2, by the late William Rosborough. Then comes a little dialogue to lend merriment to the occasion. The chorus, "Merry Christmas Round the World," is a piece of music selected from Pearls of Paradise. Then another chorus, "The Babe That Lay in Bethlehem," by Prof. J. H. Carter, is to be sung between the acts and is indeed appropriate for the occasion. The solo, "The Drunkard's Child," is a piece that will no doubt bring tears to many a stout heart, as the composer seems to take in every condition of this wretched life of an unfortunate who is so identified. The closing chorus, "Hosanna! Messiah is King," by J. H. Carter, has already been pronounced as one of the best ever produced. Mrs. Lula J. Boyd-Landers, editor of this de-
